SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This proposed information collection was previously published in the *Federal Register* (87 FR 33178) on June 01, 2022, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: Trusted Traveler Programs and U.S. APEC Business Travel Card

OMB Number: 1651-0121

Form Number: 823S (SENTRI) and 823F (FAST)

Current Actions: Revision of an existing information collection.

Type of Review: Revision

Affected Public: Individuals and Businesses

Abstract: This collection of information is for CBP's Trusted Traveler Programs including the Secure Electronic Network for Travelers Rapid Inspection (SENTRI), which allows dedicated processing at specified southwest land border ports of entry; the Free and Secure Trade program (FAST), which provides dedicated processing for known, low-risk commercial drivers; and Global Entry (GE) which allows pre-approved, low-risk, air travelers dedicated processing clearance upon arrival into the United States.

The purpose of all of these programs is to provide prescreened travelers dedicated processing into the United States. The benefit to the traveler is less time spent in line waiting to be processed. These Trusted Traveler programs are provided for in 8 CFR 235.7 and 235.12.

This information collection also includes the U.S. APEC Business Travel Card (ABTC) Program, which is a voluntary program that allows U.S. citizens to use fast-track immigration lanes at airports in the 20 other Asia-Pacific Economic Cooperation (APEC) member countries. This program is mandated by the Asia-Pacific Economic Cooperation Business Travel Cards Act of 2011, Public Law 112-54 and provided for by 8 CFR 235.13.

These collections of information include the data collected on the applications and kiosks for these programs. Applicants may apply to participate in these programs by using the Trusted Traveler Program Systems website (TTP) at <https://ttp.cbp.dhs.gov/> or at Trusted Traveler Enrollment Centers.

After arriving at the Federal Inspection Services area of the airport, participants in Global Entry can undergo a self-serve inspection process using a Global Entry kiosk, which are being transitioned to Global Entry (GE) Portals. During the self-service inspection, participants have their photograph and fingerprints taken, submit identifying information, and answer several questions about items they are bringing into the United States. When using the Global Entry kiosks, participants are required to declare all articles being brought into the United States pursuant to 19 CFR 148.11.

Proposed Changes:

CBP will be updating the Trusted Travel Programs to align with the U.S. Department of State's Passport Options: CBP will modify the Trusted Traveler Program application by adding a third gender marker, "X" for applicants identifying as non-binary, intersex, and/or gender non-conforming (in addition to the existing "male and "female" gender markers). The "X" marker will be categorized as "Unspecified or Another Gender Identity", in the document sections of the electronic Trusted Traveler Programs application.

In addition, coinciding with agency wide efforts to reduce burden on the public, CBP's new Global Entry (GE) Portals are replacing legacy kiosks, enabling quicker, touchless processing for participants by the end of FY 23.
